Permit Fee \$ _____

(DNS-362 sample site plan to bring to DNS)

2. Complete a DNS-363 Neighbor Approval Statement Form from every neighbor required per the ordinance. This includes all property owners whose property lines touch yours including diagonals and owners across the alley, if so sited. Neighbors across a street are not needed. Blank neighbor approval forms are also available from DNS. DNS strongly recommends that neighboring property owners be provided with a copy of this brochure (DNS-361) when requesting approval.

3. Present both forms (DNS-362 & DNS-363) and a check or money order payable to "City of Milwaukee" for the current fee* to the clerk at the Department of Neighborhood Services, 4001 S. 6th St., 2nd floor for review (this office does not accept cash as payment). Applicants may apply for permits Monday through Friday, 8:00 A.M. to 4:00 P.M.. Approval by the department is contingent on a review for completeness and compliance with the ordinance. The approval may be made over the counter (time permitting) and the permit given to the applicant or may be mailed to the applicant upon approval.

Where to find applications and forms

The City of Milwaukee website contains the forms you will need. Here is the link:

www.milwaukee.gov/chicken

The items you will find here are this

- this brochure
- a link to the ordinance
- Chicken Coop site plan form
- Neighbor approval form

Any questions regarding this process should be directed to the Department of Neighborhood Services, Residential Section at 414-286-2759.

REQUIREMENTS OF THE CITY OF MILWAUKEE CHICKEN COOP ORDINANCE

Requirements for

- **Application Process**
- **Number and type of chickens**
- **Coop dimensions and location**
- **Site maintenance requirements**
- **Care of chickens**

Helpful Tips from the
City of Milwaukee
Department of
Neighborhood
Services

What chickens are allowed?

As of July 28, 2011 residents in the City of Milwaukee will be allowed to keep chickens with the following provisions:

- The keeping of up to 4 chickens, with a permit is allowed on a residential premise only. Permits will not be allowed on commercial or mixed-use occupancies.
- Roosters are not allowed.
- No person shall slaughter any chickens.

Care for the chickens

- Chickens shall be provided with fresh water at all times and adequate amounts of feed.
- Chickens shall be provided with a sanitary and adequately-sized, covered enclosure, or coop, and shall be kept in the enclosure or a sanitary and adequately-sized and fenced enclosure, or yard, at all times. Chicken coops and enclosures may not be homes or garages.

Coop location and design

- Chicken coops shall be constructed in a workmanlike manner, be moisture resistant, and either raised off the ground or placed on a hard surface such as concrete, patio block or gravel.
- Chicken coops and yards shall be constructed so they will not have standing water.
- Chicken coops shall be cleaned of hen droppings, uneaten feed, feathers and other waste daily and as necessary to ensure a health, odor or other nuisance does not exist.
- Chicken coops and yards together shall be large enough to provide at least 16 square feet per chicken. Fenced enclosure space can be added to the coop space to add up to the minimum number of square feet. Coops cannot be taller than 10 feet. Coops cannot exceed 50 sq. ft..
- Enclosures shall not be closer than 25 feet to any residential structure on an adjacent lot. Enclosures shall not be located in the front yard of a dwelling.

Problems with chickens to be reported

- Chickens shall not cause any nuisance, unhealthy condition, public health threat or otherwise interfere with the normal use of property or enjoyment of life by humans or animals.

- Unusual illness or death of chickens shall be reported to the Health Department.
- A permit may be revoked for failure to comply with provisions of the ordinance and, once revoked, shall not be reissued.

DNS intervention or inspections

- An inspection of the proposed chicken keeping site will not be conducted by the Department of Neighborhood Services as part of the permitting process. DNS will inspect and determine compliance with the ordinance on a complaint basis or if it believes a violation may be occurring. DNS may take enforcement action it deems appropriate if violations are noted.
- DNS will answer questions about the permitting process and the ordinance it is charged with enforcing. To inquire about the permitting process, call DNS Residential Section at (414) 286-2759.
- DNS will not offer advice or provide suggestions regarding the practice of keeping chickens. For example, DNS will not suggest how to build a chicken coop or enclosure nor advise on where to acquire knowledge related to chicken keeping.
